

CITY MAY CHANGE CLASSIFICATION

Agitation Over Recent Law Suits May Result in City Being Changed to Fourth Class

IS UP TO THE COUNCIL

Change Would Add \$7,000 Year to Salaries, But Do Away With Petty Remonstrances

Agitation was in progress today among business men and others to urge upon members of the city council, to follow the law and advance from the fifth class to a city of the fourth class in order to give the city a better rating, and give the men elected for positions, more power to carry out the plans of the people.

The city automatically went from a fifth class to a fourth class city in 1920, when the assessed valuation of the property exceeded seven million dollars. A city advances either by population or by property valuation, and a council by ordinance may eliminate some of the provisions in order to cut down operating expenses.

The present city administration did this in order to keep the city from having a big amount of seemingly heavy taxes, which figured out was a saving of \$7,000 a year in salaries.

The agitation now comes, because of certain law suits filed against the administration, in which all of the suits allege that the city is operating in the wrong class, and if the change to fourth class is made and the boards appointed as specified by the law, then the various boards can function to a better advantage, although the increase in salaries will have to come.

Under the provisions of the fourth class city, it is necessary to have a board of public works, a metropolitan police department, fully organized fire department, a city judge, park commissioners, the common council, mayor, comptroller, and several other officers which for the city would add \$7,000 a year in salaries.

One member of the council stated today that, "These people who are kicking against these smaller issues will have something real to kick at, because a \$7,000 a year addition will mean more than all of the bond issues that the city expects to float."

There is no recourse for taxpayers to take if the councilmen want to make the change. The law is plain on the subject, and leaves the matter entirely up to the council. The administration thought the best way out of the affair was to abolish the sections pertaining to the various boards, and save the money. It was pointed out today that some of the councilmen are ready to advance the city, because of the attitude of some, who were continually attempting to hinder proposed improvements which would not materially affect the average taxpayer.

The council meets tonight, and it is probable that the plans will be discussed, and if enough pressure is brought to bear, steps for the ad-

ENGAGE IN BITTER DEBATE

Senate Partisans Want Indiana State Library Lation Passed Before Adjournment

Washington, June 3—Senate partisans of a variety of special legislation, all eager for action before congress adjourns, engaged in a bitter debate for precedence of their measures in the remaining days of the session.

The proposals were made that congress should not be permitted to adjourn until it has cleared this legislation from the slate. Senator Borah, Idaho, republican, demanded that the senate remain in session "eight or ten days" after the scheduled adjournment next Saturday, so that pending legislation now facing death because of lack of time might be disposed of.

CO-OPERATION IS THE LIFE OF TRADE

C. M. Yocum Speaks to Rotary Club, Recalling That Old Idea About Competition is False

OTHER GUESTS AT MEETING

C. M. Yocum, an associate secretary of the United Christian Missionary society, of St. Louis, Mo., and at one time pastor of the Main Street Christian Church, spoke to the Rotary club today noon, telling something of the observations he had made of the activities of the Rotary club of Mexico City, and elsewhere. "I am glad to know," he said, "that the Rotary club is advocating co-operation in business and other activities. We used to think that competition was the life of trade, but we know it is the death of trade, and co-operation is the life of trade."

Mr. Yocum expressed his gratification at being able to be back in Rushville for a few days and mingle with his old friends. He said that he still liked to regard Rushville as home because it was the finest place in the world to live. Mr. Yocum asserted that he hoped everyone appreciated the splendid advantages that Rushville and Rush county had. Albert Cotton, who has resigned as physical education director in the schools, made a short farewell talk voicing his appreciation of membership in the club.

Ben Wilson, who recently purchased the Walker farm west of Rushville and has established a dog kennel, and Chester Meal of Orange township, who raised the largest hog ton litter ever produced in Indiana, were guests and each spoke for a few minutes.

KANSAS CITY WOMAN SEEKS LOCAL RELATION

Mrs. Sarah B. Kutsuris Writes Chief of Police For Information About Relatives

LEFT HERE WHEN A CHILD

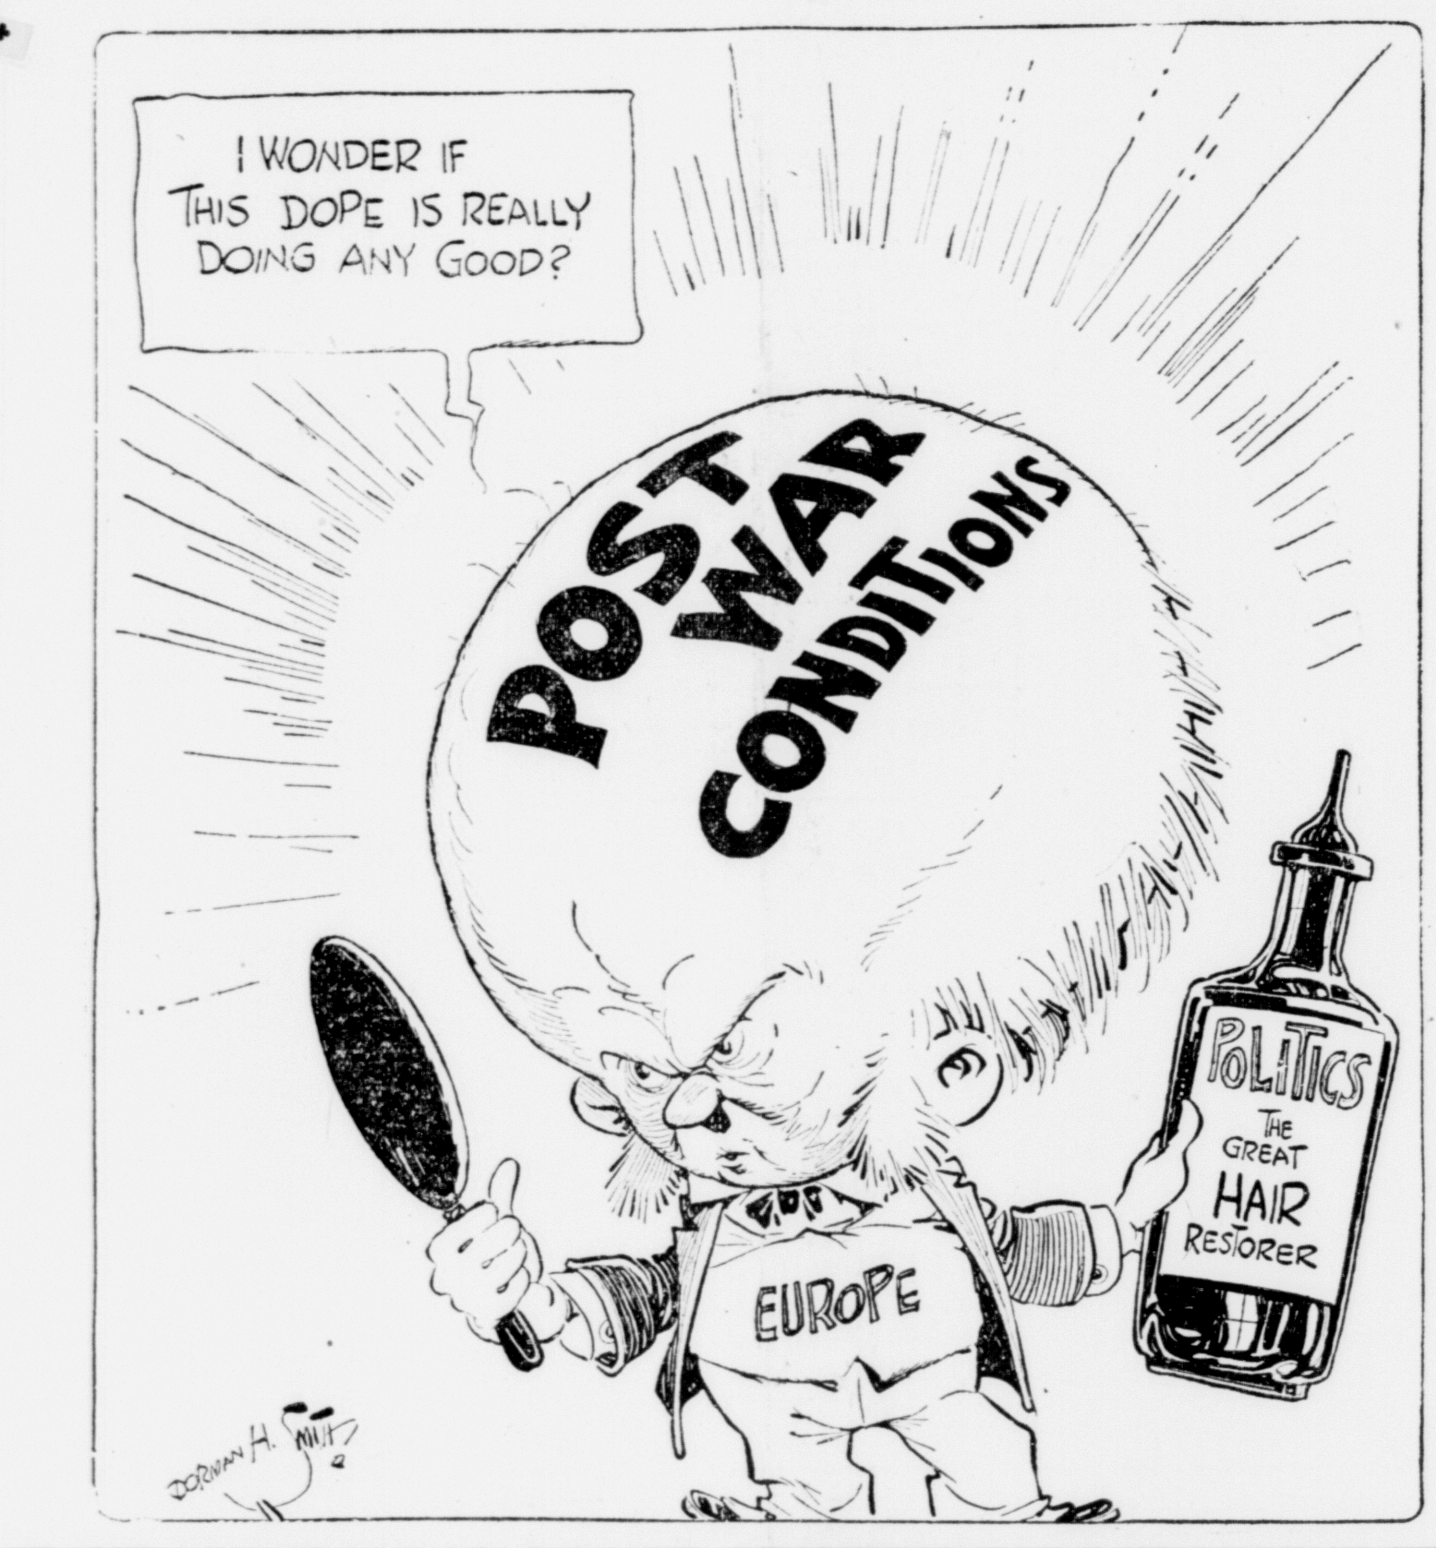

Orle Blackburn, chief of police, has received a communication from a woman living in Kansas City, who is in quest of relatives in Rushville, where she said she was born and who has lost all trace of her local relatives.

Anyone who might furnish a clue, is asked to consult with the police chief, or write Mrs. Sarah B. Kutsuris, 505 East 14th, Kansas City, Mo., who is making the inquiry.

In her letter she states that her name at birth was Sallie, or Sarah Berntha York. The letter in part, reads as follows: "My mother died three weeks after my birth. I was then taken to raise by Hayden Wagner and wife, or Mrs. Maggie Wagner. I then left your city soon after and as the years went by, I lost all trace of my folks and relatives. I also had an uncle by the name of Gregg or Grege—do not know his sir name, and also a grandmother by the name of Smith, but do not know her first name. My uncle had two or three daughters who conducted a hat store in Rushville."

The age of the writer was not contained, but the letter stated that possibly some of the older residents might assist her in obtaining a clue as to where her relatives are located here.

AH, THAT IS THE QUESTION

NEW ATTENDANCE OFFICER ELECTED

County Board is Unanimous in Selecting Mrs. Lavearne Farthing For Office

CREATES ANOTHER VACANCY

County Superintendent will Appoint Assistant—Miss Sparks Was Not Applicant

Mrs. Lavearne Farthing, wife of B. D. Farthing, county school superintendent, was named county attendance officer at the regular session of the county board of education Monday afternoon.

Miss Dorothy Sparks, the present officer, declined to seek the appointment, and Mrs. Farthing was the only name suggested for the position. Miss Sparks' term expires August 15, and Mrs. Farthing will begin her duties at that time. She qualified for the position by passing an examination in March.

Miss Sparks stated today that she was considering an offer in the east, and that she had a broader scope of work offered her at Pittsburg, and that she would probably accept the offer.

The county board, which consists of the twelve township trustees, also discussed the teacher problem, and each trustee announced that practically all rooms have teachers and an over supply is reported. The complete list of teachers and school heads will be announced in a month.

Mrs. Farthing, the new attendance officer, has been the assistant to the school superintendent, and the position of the assistant, or secretary will be filled by an appointment to be made by Mr. Farthing.

He has not decided on anyone, and will not make an announcement until the time draws nearer.

The board went on record as reducing the salary of the assistant from \$800 to \$700 a year.

So far the employing of a music supervisor for the county schools has not been decided upon by Mr. Farthing, and he is to consult with two teachers this week. It is expected that a contract with one will be made, and the plan of having supervised music training will be tried. The board extended Mr. Farthing a \$3,000 a year limit on the proposition.

PRIMARY VOTES COST 37 1-4 CENTS EACH

Claims Allowed by County Commissioners Monday Show Expense to Have Been \$2,445.02

TOTAL VOTE CAST WAS 6565

Every vote cast in the Rush county primary election May 6 cost the county thirty-seven and one-fourth cents each, according to election claims, amounting to \$2,445.02, which were allowed Monday afternoon by the county board of commissioners at their regular monthly session.

A total of 6,565 votes were cast for the republican and democratic candidates for governor in the county.

The cost per precinct ranged between \$45 and \$67. All election officers received \$3 per day and inspectors were allowed three days pay and other officials two.

The commissioners adjourned Monday afternoon until Saturday when the A. L. Stewart road improvement petition, for the paving with concrete of a short strip of highway connecting East Eight with Eleventh streets, will be revived, and a date for receiving bids will be fixed. The petition was dropped while the petition for paving Harrison and Eighth streets under the three-mile road law was before the state board of tax commissioners. The bond issue for paving these two streets was disapproved by the state board.

The commissioners will fix a time for receiving bids for three ear loads of coal Saturday. Yesterday they also ordered repair made on the clock in the court house tower and on the court house plumbing.

ARE RUNNING NECK AND NECK

Brookhart and Sweet Engage in Close Race in Iowa

Des Moines, Ia., June 3—Indications are that the republican senatorial contest between Senator Smith W. Brookhart and Burton E. Sweet, voted on at yesterday's primary election, will not be decided until practically every precinct in the state is heard from.

Of 1,178 precincts out of 2,412 in the state, Brookhart polled 106,825 votes to Sweet's 103,131.

Brookhart is expected to take a larger lead when rural districts where his strength is considered greatest make their final reports.

COMPROMISE IS BEING DISCUSSED

Democratic Leaders Gathering For State Convention Grouping Around For K. K. K. Plank

OVERSHADOWS ALL PROBLEMS

Anti-Klan Wing Demands Vigorous Stand, Holding G. O. P. is Aligned With the Klan

(By United Press)

Indianapolis, June 3—Democratic leaders gathering here today for the state convention Thursday were grouping about for a compromise plank on the issue of the Ku Klux Klan.

The klan question overshadowed all other problems of party policy and lessened interest in the race of eight candidates for the nomination for governor to line up delegates.

From the anti-klan wing of the party came an insistent demand for the inclusion of a plank in the platform denouncing the klan in vigorous terms.

The Republicans of Indiana, they said, had allied themselves with the invisible empire and there was nothing left for the Democrats to do but go before the voters on an anti-klan platform.

In the Democratic state convention, however, will be a bloc of from 300 to 350 klan delegates and party leaders are unwilling to take any step that will arouse the hostility of the voting power they represent.

The easiest way out of the dilemma is believed to be a plank advocating religious liberty without specific reference to the klan, so that it can be variously interpreted to their own satisfaction by klansmen and anti-klan alike.

Dr. Carleton McCulloch, with his plurality of 40,00 in the primaries and the most complete organization of any candidate, is conceded to have the inside track in the running for governor.

Dr. McCulloch has declared against the klan, but his stand has not aroused the hostility of klan leaders.

It was said that the klan had tossed Olin Holt, of Kokomo, overboard as its candidate for the nomination for governor because there was a feeling that Holt's workers were making too strenuous an effort to capitalize the klan vote. Support of the klan placed Holt well up in the running in the primaries.

A so-called slate of Klan candidates made its appearance with Joseph Cravens of Madison down for support for the gubernatorial nomination. Continued on Page Two

SERVICES FOR WAR VETERAN

Funeral of Tobias Smith is Held at Gwynneville Today

Funeral services were held this morning at ten o'clock at the Christian church in Gwynneville, for Tobias Smith, age 79 years a Civil War veteran. He died Sunday morning following a stroke of apoplexy.

During the war he was a member of Company A, 156th infantry. He has lived in Gwynneville practically all of his life, having come here from Virginia, when a boy. Besides the widow, who survives, he also is survived by three children, Paul Smith of Knightstown, Mrs. C. S. Wilcox and Mrs. Jesse Poston, both of Gwynneville.

BLOW DEALT STATE PROHIBITION LAWS

Supreme Court Holds it is Illegal to Stop and Search Automobiles Without Search Warrants

DECISION IN APPEALED CASE

(By United Press)

Indianapolis, Ind., June 3—A severe blow was dealt enforcement of the state prohibition laws today, when the supreme court of Indiana handed down a decision declaring it unlawful to stop automobiles promiscuously and search them without search warrants.

The decision handed down in the appeal of Stella Batts from a conviction in the Putnam county court, was read by Justice Willoughby and concurred in by the other judges.

The decision held that the constitutional rights of Mrs. Batts had been invaded when the car in which she and her husband were riding in Putnam county, was shot up by deputies of the sheriff in March, 1923 and a search for liquor conducted. The sheriff had no search warrants, saw no evidence of law violation and did not suspect any, the opinion pointed out.

His only excuse for stopping the car was that Batts failed to stop the car when ordered to do so, according to the opinion.

MARRIED 21 YEARS, NOW WANTS DIVORCE

Mrs. Lula Parish Says her Husband Jasper Parish, Cursed and Struck Her—Live in Carthage

COUNCIL IS RESTRAINED

Another divorce complaint was added to the list in circuit court today, when Lula Pearl Parish of Carthage brought suit against Jasper N. Parish, alleging that he struck, beat and cursed her, and ordered her to leave home.

The complaint alleges that they were married July 30, 1903 and separated May 30, 1924, when the alleged assault was made.

A temporary restraining order has been issued in court against the city administration from entering into a contract for the building of Memorial park boulevard, which was contained in an injunction suit filed in court Monday by H. E. Daubenspeck. The suit will be set for trial in a few days, at which time the city will attempt to have the restraining order dissolved.

No cases have been set for trial until after the Democratic state convention, and Judge Sparks has arranged the court calendar so that he can hear cases in other courts where he is to act as a special judge.

MATLOCK FAMILY TO MEET

The annual Matlock family reunion will be held Sunday, June 8 at the residence of S. H. Matlock, in Hemlock, Howard county. Several of the members of the family residing in Rush county are expected to attend. The reunion is usually held at Kokomo, but this time it will be held at the residence of Mr. Matlock who will be 90 years old.

WORK IN CHIEF'S DEGREE

The regular meeting of Tanpah tribe of Red Men will be held tonight and the chief's degree will be conferred. Every member is urged to attend and visitors will be welcome.

HAS RESOLUTION FOR DEMOCRATS

Douglas Morris is Co-Author in Drafting Bill on Religious Freedom at State Convention

DATES TO EARLY HISTORY

Recalls Fact That Party Was Founded by Thomas Jefferson on Religious Freedom Ideas

Douglas Morris of this city, a former member of the supreme court of Indiana, is co-author of a resolution dealing with religious freedom, which will be presented to the resolutions committee of the democratic state convention, when it meets in Indianapolis today.

John W. Spencer, Sr., of Evansville, also a former member of the state supreme bench, joined with Judge Morris in framing the resolution, which they hope to see incorporated in the party platform.

The resolution gives credit to Thomas Jefferson for the enactment of the first amendment to the Federal constitution providing for religious freedom, and also asserts that the Democratic party wrote the present constitution of Indiana and devoted six of the first seven sections of the bill of rights to guarantees of religious freedom and equality.

The resolution reads as follows:

Thomas Jefferson, the founder of the Democratic party, just after he drafted the Declaration of American Independence, wrote what he regarded the second greatest act of his life, the statute of Virginia, for religious freedom; later he procured the adoption of the first amendment of the Federal Constitution, guaranteeing religious liberty.

The present Constitution of Indiana—greatest declaration of organic law ever adopted by an American commonwealth—was written by Democrats, when the Know Nothings and faction of the dying Whig organization were conspiring to undermine the American doctrine of religious freedom.

The makers of our Constitution, true to the great teachings of the immortal Jefferson, in framing the first seven sections of our bill of inalienable rights, devoted six of them to guarantees of religious freedom and equality, including this:

No religious test shall be required as a qualification for any office of trust or profit.

Later, the Democratic party, in national convention, assembled, sounded the death knell of the malignant intolerance of Know-Nothingism and sent it to an unmarked and unhonored death by its declaration of uncompromising hostility to aught except the spirit of enlightened freedom for all religions and races.

FURTHER TAX REFORM AN ISSUE OF CAMPAIGN

President Coolidge Makes it One by Approving Tax Bill Only as "Temporary Relief"

THREE STEPS OUTLINED

(U. P. Staff Correspondent)

Washington, June 3—President Coolidge has made further tax reform one of the big issues of the coming campaign.

Dissatisfied with the present measure, which he approved only because of its "advantages as a temporary relief and a temporary adjustment of business conditions", the president will renew the fight for enactment of a "sound permanent tax policy."

The steps in this campaign will be:

1—Insertion of a Mellon tax plan plank in the Republican platform.

2—A vigorous campaign for popular endorsement of this stand.

3—A "big stick" attitude toward the December session of congress, if he is elected on this platform in November.

The administration attitude toward the new law during the campaign will be that it was best obtainable under the conditions. There will be no disposition to claim it as a Republican accomplishment.

WEATHER BUREAU MAN AND AIR PILOT KILLED

Dr. C. L. Meisinger and Lieut. James T. Neely Lose Lives When Lightning Strikes Balloon

BODIES FOUND IN A FIELD

Monticello, Ill., June 3—Thrown from a great height when the balloon in which they were charting air currents, was struck by lightning, Dr. C. L. Meisinger, U. S. weather bureau expert from Washington, and Lieut. James T. Neely, pilot, of Philadelphia, were killed shortly before midnight last night four miles south of here.

No one witnessed the accident, which is believed to have occurred during a heavy rain and electrical storm which passed over this section.

Bodies of the two men were found by two farmers in the vicinity, who were passing in the field.

Meisinger was thrown clear of the basket nearly a mile from the spot where the balloon with Lieut. Neely's body entangled in the ropes, landed. Both bodies were badly mutilated.

G. A. R. VETS GATHER
FOR 45TH ENCAMPMENT

Noticeable Decrease in Indiana's
Surviving Members will Make
Delegates Number About 500

TO BE HELD IN FRANKFORT

Frankfort, Ind., June 3—Indiana's surviving members of the Grand Army of the Republic were gathering here today for the Forty-fifth Department Encampment which will open tonight.

There was a noticeable decrease in the attendance. About 500 delegates were expected and the total will probably not be more than 1,000. The membership of the G. A. R. in Indiana is now 4,021.

Organization of committees for the encampment was the first business taken up by the delegates.

Every section of the state was represented in the attendance. Clinton county homes were thrown open to the visitors, and everything making for their convenience was arranged.

A special train was to come late in the day from Headquarters post at Indianapolis, bearing distinguished visitors to the encampment.

Besides all state officers, Gaylord M. Salzgeber of Van Wert, Ohio, national commander in chief of the grand army will be in attendance.

A parade tomorrow afternoon followed by the annual campfire in the evening will be features of the convention.

Princeton Wants Encampment

Princeton, Ind., June 3—The Princeton post of the G. A. R. will make a strong bid to get the 1925 encampment for this city during the encampment at Frankfort this week.

Although the population of the county was small at the time of the Civil War, more than 2,000 Gibson County men answered the call for volunteers.

The convention city for 1925 is expected to be selected Wednesday.

to our federal Constitution the amendments forbidding discrimination against citizens of the republic because of race or color.

We solemnly declare our adherence to each tenet of the state and federal Constitutions, including those guaranteeing equality of rights and privileges to all, regardless of color, race or creed, and promise the people of Indiana that when the nominees of this convention, if elected, take their oaths of office to uphold the Constitutions of our country, that their vows shall not be sullied with reservations to subvert or destroy a single provision of our organic law.

We deplore the present situation in Indiana where the Republican party, after eight years of plunder, graft and unexampled betrayal of official trust, and thereby humiliating and disgracing this great commonwealth, now seeks four years more of baneful sway by a coalition with those who seek a revival of the long ago discredited, unholy warfare, in defiance of the written Constitution.

We promise to keep the faith of

our Democratic fathers, who glorified the American republic with their exalted spirit of religious freedom and we declare unrelenting war against any party or organization that seeks to undermine a single foundation of the constitutional structure of religious and racial liberty that has born aloft the light of liberty, enlightening the world.

One councilman stated that there was a plan on foot to advance the interests of Rush county, and that this could never be accomplished with the present attitude of some of the residents who are against everything that is intended to improve the county seat.

"It's this class of people who are against every kind of an improvement, and which has excluded factories and business expansion," he added.

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois. — "Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. Believe me, I recommend the Vegetable Compound to any woman I know has any kind of female trouble. It has helped me and a lot of my friends." — Mrs. A. McANDLESS, 1709 S. Morgan St., Chicago, Ill. Interchangeable Platen

One of the exclusive features of the L. C. Smith & Bros. typewriter is the interchangeable platen.

With the use of no tools except the fingers, platens of different degrees of hardness can be inserted. There is the regular platen, the medium, the hard, and the brass platen, depending upon the number of copies desired.

Then there is the card-writing platen and the label-writing platen.

It is economical to have platens of different degrees of hardness, because of soft platen, which is used for ordinary correspondence, with one or two carbon copies, is much easier on ribbons, carbon paper, on the mechanism of the typewriter and on the nerves of the operator, as well as being much more quiet.

It is a great advantage, therefore, to be able to take out a hard platen, after it has been used for a special purpose, and insert the softer platen for regular work.

Better than rubies:—Search the Scriptures: for in them ye think ye have eternal life; and they are they which testify of me. John 5:39.

Prayer:—O Thou, Who art Wisdom Divine, open our eyes that we may behold wondrous things out of Thy law.

The Makeshift Tax Law

The makeshift tax bill was signed by President Coolidge, not because he approved of it, but because it was an improvement on the old law in some respects.

The president said a new law was necessary to reduce taxation and bring about some reforms. The measure he signed will result in some direct reduction in taxes, but it is not only lacking in reform, but adds some undesirable features.

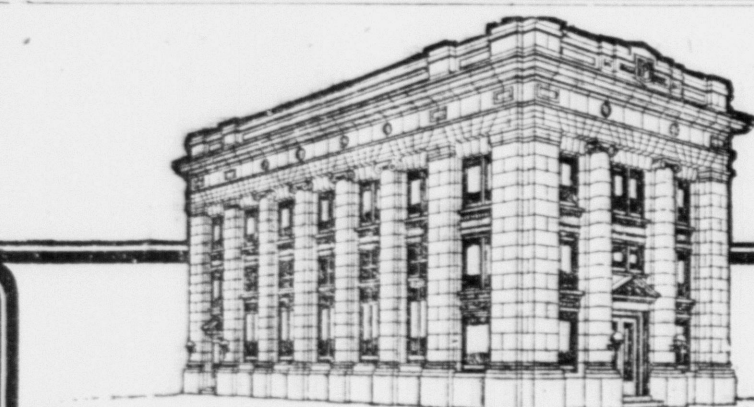

While the law scales down federal taxes to the lowest level since the war, the reductions are made mostly where the taxpayers will note the cut personally, rather than feel it in their living expenses.

Hence it is a political measure—a vote-getting law. It is held out as a sop to the voters because there is going to be an election next fall.

Congress refused to follow the recommendations of a tax expert, the secretary of the treasury, and enact a scientific statute designed to meet the nation's revenue requirements yet at the same time distribute the tax burden equitably.

But a congress which has been controlled by a small radical minority could not be expected to follow the recommendations of any sane thinker.

Instead, the congress passed a bonus law that will require the raising of \$2,250,000,000 in additional taxes, not counting the expense of administering the law, and then enacted a tax law that reduced the federal revenue close to \$400,000,000 a year.

But congress is not worrying about how much revenue is cut off and how much expense is added. Congress saw to it that the reduction in income tax payments was made effective this year so that the voter will have a visible manifestation of the reduction.

There's an election next November and voters must be made to understand that their congressmen have been working to their interests—reducing their taxes.

The congressmen who will be up for re-election in November are not worrying about how the holes in the federal government's pocketbook will be plugged up after the election.

The main thing is to get in office—then, perhaps, another makeshift can be put over to meet the next emergency.

Sizing Up Things

In sizing up things, especially those having a bearing on local conditions, it is well to remember that there is more than one angle from which a question may be viewed.

Far too many people err in judgment purely from haste and overzealousness.

Impressions are often formed at first glance, and unless a person is willing to examine beneath the surface and consider all available facts, those first impressions will remain and become fixed convictions, irrespective of whether they are right or wrong.

Injustice to a good cause is often done by this method of sizing up things and immeasurable harm to an individual, a group of individuals or a whole community may result.

Then there is a class of citizens who, having formed a hasty conclusion, refuse to recede from their position, even when confronted with indisputable proof of their error of judgment. That is pure and unadulterated stubbornness.

But here, as elsewhere, they are many people who are quick to form impressions, but are willing to, and do, analyze the arguments of the opposition, and are completely changed as the result of the additional information thus acquired.

Sizing up local conditions is an admirable trait, but undue haste in forming lasting conclusions is much to be regretted.

Best results are obtained by taking a calm survey of the situation from every conceivable viewpoint before taking a definite stand.

Communities prosper and grow when their citizens adopt this plan.

One They Can't Override

It might be well for Congress to remember that the people still have a veto.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, D. C.—The window dresser had done a good job, and the one perfect peach of a hat in the center stood out like a diamond in a platinum setting.

It was but natural, then, that the dark-haired, brown-eyed woman who was passing hesitated, wavered a moment and then went inside. She hadn't intended buying a hat that morning, it was evident, but when a woman sees a hat she likes there's only one answer.

The clerk obligingly brought the hat from the window. It was tried on. Then half a dozen others were examined, but always the customer returned to the first.

"I'll take this one," she said finally, holding out the perfect peach that had first caught her eye. "Do you accept charge accounts?"

"Not unless we know the purchaser," said the saleswoman. The customer hesitated a second, a bit non-plused.

"Then perhaps you'll send it C. O. D.," she suggested.

"Certainly. What is the name and address?"

"Mrs. Calvin Coolidge, the White House," was the answer.

Which proves that, when it comes to hats, the First Lady is just as susceptible to the lure of millinery as the lowliest of her sisters, whether she has the cash or not.

WASHINGTON has received a journalistic jolt. It's still a bit dizzy from the blow, but is sitting up in a daze waiting for the fireworks to start.

All of which is the result of the announcement that George Harvey of Peacham, Vt., picker of presidents and ex-ambassador to the Court of St. James's, will take charge on June 1, as "Editorial Director" of the Washington Post.

The Post is owned by E. B. McLean, whose private wires and telegrams were the subjects of considerable interest during one stage of the Fall-Sinclair oil lease investigation.

tigation. It was McLean who was first named by Fall as the source of the \$100,000 which Doherty afterward testified he had supplied the former secretary.

THE question that is puzzling official Washington, and which politicians would give a lot to know, is:

"What will Harvey do with McLean's newspaper?"

The attitude of both McLean and Harvey toward the Coolidge candidacy is a topic for endless speculation. McLean was one of the closest friends of President Harding, but it has been intimated there is little love lost on either side between Coolidge and McLean.

Harding made Harvey ambassador to Great Britain, but Harvey resigned the post shortly after Coolidge entered the White House.

ALL of which may or may not be significant.

Harvey, as a Democrat, played an active part in putting over Grover Cleveland and Woodrow Wilson for president. Switching to the Republican side, he helped roll up a 7,600,000 majority for Harding in 1920.

The McLean papers originally were Democratic. Later they were "Independent." During the Harding campaign they took their place as active supporters of the Republican program.

"What'll they do in 1924?" is the present question. The answer, however, is awaited with curiosity, rather than trepidation, by both sides.

THE probable answer is that

George Harvey of Peacham, Vt., will support Calvin Coolidge of Plymouth, Vt. Green Mountain boys must stick together. But from his past record, first with the Springfield Republican and Chicago Daily News, later with the New York World and still later as editor of Harpers Weekly, the North American Review and Harvey's Weekly, the only thing certain is that his position is uncertain.

Do Gasoline Prices Fluctuate?

THE average man, paying for staple commodities by the month, fails to consider the wide fluctuation in prices, while noting quickly the smallest change in the price of gasoline, which he buys at frequent intervals and for which he pays cash.

Bureau of Labor, and Department of Commerce, statistics indicate that gasoline prices fluctuate less than the price of most staple commodities.

In 1922, the price of eggs fluctuated 125 points; potatoes 210 points; sugar 51 points, as against only 25 points in the price of gasoline.

In 1923, the price of eggs fluctuated 110 points; potatoes 114 points; sugar 59 points, milk 49 points, as against 47 points for gasoline.

The reason for the wide fluctuation in the price of gasoline during 1923 was the opening of new fields, which flooded the market with crude oil rich in gasoline.

The Standard Oil Company (Indiana) bases its price for gasoline fundamentally on the varying price of crude, which in turn is regulated by supply and demand.

To equalize supply with demand, the Standard Oil Company (Indiana) has erected and maintains storage depots of tremendous capacity. It has located these depots at strategic points throughout its territory. These huge tanks are filled to capacity, in the off-season, to supply the insistent demand during the season of heavy motoring and agricultural activities.

This Company has systematically passed on to consumers, in the way of price reductions, the benefits derived from improved methods of refining petroleum. It has blazed the trail in originating improved technique, improved equipment and more efficient processes of refining and distribution, thereby aiding the industry to keep abreast of continually expanding needs for petroleum products.

The service of the Standard Oil Company (Indiana) tends to hold gasoline prices down—and to modify fluctuation by increasing the supply in proportion to demand—and by equalizing distribution, so as to bring gasoline prices into seasonal and sectional harmony.

FLORENCE Oil Stoves & Ranges

More Heat—Less Care

Family impatient for breakfast

Often, especially on a cold, damp morning, an old-fashioned coal or wood range will just refuse to burn up.

But when a Florence Oil Stove is in the kitchen all you do is touch a lighted match to the asbestos kindler and you have a hot blue flame in a short time. Your meal is on the way in a jiffy.

The Florence burns kerosene, a cheap fuel. It boils, bakes, fries, and roasts.

We have a Florence standing ready for use in this store. Come in, experiment on it and discover for yourself its many advantages.

Sends 2 Real Fighters to U. S.

By HENRY L. FARRELL
(United Press Sports Editor)
New York, June 3—England's hope for a real world's champion fighter, abandoned almost entirely since the descent to the Joe Beckett, Frank Goddard and Ronby Wells class, has been revived and built up around two very promising middleweights.

American ring fans, who reach for the gas-mask whenever the middleweight class is mentioned, are about ready to agree that Ted Moore and Frank Moody have a great chance to succeed Harry Greb as the title-holder and that each has the makings of a good champion.

Moody and Moore have jumped to the top of the class in this country by fighting any opponent that was offered them, something that American fighters will not do.

Every time a writer mentions a foreign fighter, British, French, Italian or South American, a certain group of American managers want to try him for treason. But as has been pointed out frequently before, these foreign fighters in vogue now command money because they go out and force themselves into print by fighting.

The mention of the name of Larry Estridge, a fine colored middleweight pops out perspiration on the brows of the managers of every white middleweight contender in the country. Yet Moore took on Estridge, and gave him a fine beating. Then he turned around and hammered Jamaica Kid, a colored heavyweight, all over the ring.

Managers of middleweight contenders in the American class walked out of the room when Lou Bogash was brought into the conversation. They all knew that Bogash had been through 174 fights and that he had never been off his feet.

Moody, the Britisher, didn't run

away from Bogash. He took him and knocked him out. By this one victory, Moody became the outstanding challenger in the class.

Moore and Moody came to this country chasing Roland Todd, the British champion, who had refused to give them a crack at his title. They knew that they couldn't get Todd to defend his title in this country, but they had the smart hunch that they could make Todd look bad by doing better against the leading middleweights than their champion could.

Todd was not a match dodger. He started in Madison Square Garden against Tommy Loughran, one of the outstanding light heavyweights in the class, and he was robbed of a decision if a fighter ever was. He had one or more bouts after that and then signed to fight Jack Malone, the toughest middleweight in the country. Malone knocked him out in the fight and Todd went back to England.

He told his home folks that he had been treated well in this country, but that he couldn't get acclimated and was forced to leave the United States.

LARGE CROWD AT FIRST
MILROY GUN CLUB SHOOT

The Milroy Gun Club, which was recently organized, held their first shoot Saturday, at which time a large crowd of shooters was on hand and several good records made. Two perfect scores were counted, with C. Seull cracking all 25 and L. Harcourt breaking all 20 that he shot at.

The next shoot will be held at Milroy June 11, and a new trap has been secured. The complete summary of the shoot last Saturday is as follows:

KEEPING ONE EYE
ON THE SCOREBOARD

Max Carey's homer in the eighth inning with one on started a five run rally and the Pirates beat the Cards 6 to 2.

The Giants knocked McNamara out of the box and beat the Braves 9 to 6. Ryan blew in the ninth inning and had to be rescued by Jonnard.

Walter Johnson worked in old time form against the Athletics and the Senators won 8 to 3. Johnson fanned seven of the A's.

FIGHTS AND FIGHTERS

Aurora, Ill.—Young Stribling is negotiating for a match here the latter part of June. It will probably be Stribling and Joe O'Hara, the promoters say.

Michigan City, Ind.—Georges Carpentier will break camp here tomorrow. He is going east to have his sprained ankle treated by specialists before the Tunny fight.

Boils

THERE is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S.S.S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-power, it builds red-

blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 557 15th street, Washington, D. C., writes: "I tried for years to get relief from a bad case of boils. Everything failed until I took S.S.S. I am now absolutely cured, and it was S.S.S. that did it."

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

KLAN WOMEN BRING SUIT

Daisy Douglas Barr Made Defendant
In Action Involving \$100,000

Marion, Ind., June 3—A complaint with a judgment approximating \$100,000, was filed in the Grant county superior court Monday by women of the Ku Klux Klan against Daisy Douglas Barr, Fairmount, prominent Klan organizer.

The complaint says Mrs. Barr failed to pay the plaintiffs, a corporation organized under the laws of the state of Arkansas the sum of \$1 for each person "naturalized" into the Klan.

It is claimed that the sum of \$5,085 is due the organization for persons initiated.

Judgement of \$40,000 for members initiated but never reported to the organization is asked.

An accounting by Mrs. Barr on profits of from \$54,000 to \$67,000 on robes for the organization purchased in the contract, is also asked.

MOVIES

Priscilla Dean at Princess

Many coloured Chinese lanterns—the blue haze of bamboo-pipe smoke—the rush of the night wind out of the Yellow sea—swinging cafe doors—ribald jests of drunken sailors—bright-eyed little Chinese girls—the flash of a ship officer's gold braid—the blare of jazz music—tinkle of wine glasses and sparkle of women's laughter—that is Shanghai, the romantic, mysterious, romance-laden port of the strange East as it is glimpsed in Priscilla Dean's latest Universal-Jewel feature, "Drifting," which opened last night at the Princess theatre.

"Drifting" was adapted from John Colton's play, which William A. Brady produced on the New York stage, by A. P. Younger and Tod Browning. Browning, director of "Under Two Flags," "Outside the Law" and other screen triumphs of Miss Dean, guided the filming of this.

"Hoodman Blind", Mystic

Lurid nights in an American fishing village are pictured with realistic effect in the William Fox version of the stage play "Hoodman Blind,"

which comes to the Mystic theatre for two days, opening Monday. Director John Ford, with members of his cast, cameramen and assistants, spent days in seaside towns, filming the squalid surrounding in which Nance Yeulette, played by Gladys Hulette, was forced to live.

Miss Hulette, who played opposite Richard Barthelmess in "Tolable David," has an extremely difficult role, which she is said to present with unusual merit. David Butler plays the male lead.

"Mine to Keep"—Castle

A scene showing an auto racing a train at night; a storm of rain and wind at night; aeroplane stunts in midair; beautiful shots at a great beach resort, scene in a palatial banquet hall with dancing and diving girls, a marriage on a broad expanse of lawn—these are some of the scenes which were successfully photographed for "Mine to Keep," the Ben Wilson production, now at the Castle theatre. Both Eddie Linden and Jack Stevens, the cameramen, are experts as the picture itself proves and their record on celluloid is one of the finest ever made.

The difficulty of night photography is to preserve the illusion and at the same time have enough light to distinguish the people and the action.

Society Events

The Pythian Sisters will hold their regular meeting tonight at the K. of P. hall.

Mr. and Mrs. Ed Carter will be host and hostess tonight for the members of the Century Club at their home in West Fourth street.

The meeting of the Delphian Society which was to have been at the Elks club rooms Wednesday, has been postponed until Wednesday evening of next week at which time it will be held in the Social Club rooms.

The Westminster class and the Philathea class of the First Presbyterian church will meet Wednesday night at the home of Mrs. Ed Beer and Miss Flora Gutapfel in North Morgan street.

Mr. and Mrs. Charles Thompson of Muncie had for their dinner guests Sunday, Mr. and Mrs. Charles Longfellow of Chicago, Ill., Mr. and Mrs. Virgil Longfellow and Mr. and Mrs. O. C. Thompson, of the Sexton vicinity.

Th Elks will give a dance July 4th in their dance hall. They will also throw their club rooms open to the public until six o'clock in the evening. All are invited to bring their family and be the guests of the lodge during the day.

The Get-To-Gether club was graciously entertained Monday afternoon at the home of Mrs. John Gray in North Perkins street. The guests enjoyed the afternoon informally with music and dainty refreshments were served at the conclusion of the meeting.

Mrs. Charles Stewart assisted by Mrs. Walter Niles, will entertain the members of the Friendship Class of St. Paul's M. E. church Wednesday evening at her home, 405 North Jackson street. Mrs. Andy Moore and Mrs. Will Stevens will have charge of the program.

The Woman's Foreign Mission Society of the Methodist Church will meet in the parlors of the basement Thursday afternoon with Mrs. Frank Sample as hostess. Mrs. E. B. Poundstone will have charge of the program. All the ladies are requested to bring their mite boxes.

The Band of Workers of the First Presbyterian church will meet Wednesday afternoon in the parlors of the church. The hostesses will be Mrs. Frank Reynolds, Mrs. Jeanette Carr, and Mrs. Hugh Abercrombie.

It is very important that all the members be present for this meeting.

Mr. and Mrs. John Creek delightfully entertained a number of their friends Sunday with a pitch-in dinner at their home northeast of Orange. Their guests included, Mr. and Mrs. George Dawson and sons, Mr. and Mrs. Wilbur McKee and daughters, Mrs. E. M. Starr and son of Pittsburgh, Pa.

Mr. and Mrs. A. B. Norris had for their Sunday dinner guests Sunday at their home in North Main street, Miss Erna Brayton of Indianapolis, Mr. and Mrs. J. E. Norris and daughter Elizabeth, Mr. and Mrs. A. W. Winfield and family, Mr. and Mrs. Paul D. Norris and family of Carthage, Mr. and Mrs. Carl Norris and family of Anderson, Mr. and Mrs. Will Norris and daughter Jean of this city.

The Misses Dorothy Sparks and Katherine Wyatt entertained with a kitchen shower Monday afternoon at the home of the latter in East Third street, honoring Miss Dorothy Mulno, a bride-elect. The guests spent the afternoon around the card tables playing bridge and at the conclusion of the games a delectable luncheon was served. The honored guest received several useful presents.

Mr. and Mrs. Carlton Chaney and sons Harold and Dempsey entertained with a high noon dinner party at their home east of the city Sunday in honor of the second wedding anniversary of Mr. and Mrs. Frank Cervay of Dayton, Ohio. The dining table was decorated with cut flowers and covers were laid for Mr. and Mrs. Cervay, Mr. and Mrs. Frank Davis and son Ralph of Dayton, Ohio, Mr. and Mrs. Howard Pike, daughter Effie Lavonne and son Ivan of Glenwood and Charles Chaney of Connersville.

Mr. and Mrs. J. D. Case entertained with a six o'clock dinner party Monday evening, honoring Mr. and Mrs. J. W. Wright, Mr. and Mrs. Stephen J. Corey and the Rev. and Mrs. C. M. Yocum, all of St. Louis, Mo. George C. Wyatt and Miss Wanda Wyatt were also guests.

This morning Dr. and Mrs. D. H. Dean entertained the out-of-town guests with a pretty appointed breakfast party. The Rev. and Mrs. Yocum were formerly of this city, the Rev. Mr. Yocum having been pastor of the Main Street Christian church.

The Young Ladies Mission Circle of the Main Street Christian church enjoyed a pitch-in supper Monday evening at the home of Mrs. Norman Crum in West Seventh street. During the business session officers for the following year were elected as follows: Mrs. Curt Hester, president; Mrs. Claude Smith, vice-president; Miss Marian Lucas, secretary; and Miss Grace Billings, treasurer.

After the business meeting a splendid program was given. The leader in charge, Miss Nelle Trobaugh, prepared a paper on the subject "Our Task." Reading of the Twenty-Third Psalm was given by Mary Estelle Compton, Mary Hester and Jean Smith. Miss Compton also favored the guests with several pleasing readings. The next meeting of the Circle will be held at the home of Mrs. George Urbach in July.

An unusual event was celebrated Sunday at the home of John Gartin east of the city, when Mr. Gartin and his twin sister, Mrs. Samantha Armstrong of Marion, Ind., celebrated their seventy-eighth birthday anniversary with a pitch-in dinner. It is seldom that twins reach that age and have the opportunity of celebrating their birthdays together. They are the son and daughter of the late Jesse and Polly Gartin and are pioneer residents of this county, Mr. Gartin having lived here practically all of his life, and Mrs. Armstrong having lived here until several years ago when she moved to Marion, Ind. Mr. Gartin has been in poor health for several weeks and his condition is regarded as serious but his twin sister is enjoying splendid health. She returned to her home Monday after spending several weeks here with her brother on account of his illness.

The guests included the immediate families of the honored guests, the out-of-town guests being, Mr. and Mrs. Lee Fillebrown and children and Roy Armstrong of Tipton, Mr. and Mrs. Ross Templeton and children of Hartford City, Ind., Mr. and Mrs. Ot Armstrong and children, Don Loudenback, Mr. and Mrs. Marion Loudenback and Mildred Loudenback, of Anderson, Ind., Mr. and Mrs. Jesse Loudenback and children of Arcadia, Ind., Will Huff of Wabash, Ind., and Mrs. Riley Watson of Charlottesville. Fifty guests in all were present.

Mr. and Mrs. Lefe Johnson entertained with an announcement party Sunday evening, at which time the marriage of their granddaughter, Miss Emma Lois Miller to Hubert Blair of Muncie, Ind., which took place April 26, 1934, was announced. The wedding was performed by the Rev. Mr. Smith of Connersville and the ring ceremony was used. The decorations for the home Sunday evening were carried out in pink and white, the centerpiece for the bridal table being a wedding cake lighted by pink and white tapers. Gale Templin of Muncie, Ind., and Miss Edith Kiser led the way for the bride and bridegroom, who were introduced by the bride's father, Claude Miller of Connersville. Miss Lois Stewart carried the marriage certificate. Miss Marie Kiser furnished music throughout the evening. Dainty refreshments were served and many useful presents were given to the bridal couple. Eighty guests were present.

Lardine Council, No. 296, D. of P. will meet Thursday evening at eight o'clock at the Red Men hall in West First street. There will be election of officers and a large attendance is desired.

MANY ASSEMBLE AT LOS ANGELES

Formal Opening of Seventeenth Biennial Convention of Women's Club Held Today

60,000 CLUBS REPRESENTED

Mrs. Thomas G. Winters, President of the General Federation, To Deliver "Keynote" Speech

By HAROLD E. SWISHER (U. P. Staff Correspondent)

Los Angeles, June 3—Thousands of women, assembled from every section of these United States, were gathering here today, and all in one mood—to serve womankind and humanity.

Philharmonic Auditorium, the city's largest, will be the Mecca toward which these pilgrims will converge tonight, where will occur the formal opening of the Seventeenth Biennial Convention of the General Federation of Women's Clubs ending June 13. Six thousand clubs, with a membership of more than 2,000,000 are represented.

Variegated colors, attractive gowns in a wide range of modes, pennons and banners hanging from the balconies or waved heartily by enthusiastic delegates, and the white and yellow badges with their dark blue letters lending a touch of formality and duty to the assemblage—this will be the picture at the opening session of the great event.

Mrs. Joseph Francis Sartori, chairman of the California Local Biennial Board, expressing the spirit of California hospitality, will extend the west's welcome to the visitors. Mrs. Sartori's greeting will be seconded by Mrs. John C. Urquhart, president of the California Federation of Women's Clubs.

Outlining the theme of the convention, Mrs. Thomas G. Winters, president of the General Federation of Women's Clubs, will deliver the "keynote" address at tonight's session. She will outline the great purposes of clubdom and the aim of this convention—"to extend the influence of women's clubs toward the elevation of our national life and the achievement of an international will to peace."

Following Mrs. Winters' address, the delegates will adjourn to the Biltmore Hotel, where California clubwomen will give a reception in honor of the visitors. There will be eight receiving lines, at which delegates and guests will meet the national officers. The reception will be the first of 200 various functions which have been arranged for the entertainment of the convention body, or different groups of delegates, during the 12 days.

Interspersed with the various business sessions, the convention will be addressed by persons of international prominence. Mrs. Carrie Chapman Catt, Paul Harvey, editor of the International Interpreter; Secretary of Commerce Hoover, and Whitman Williams, well known economic worker, are on the list of speakers.

Aside from the convention duties, a wealth of diversions has been arranged Saturday will be "play day," with trips arranged to the seashore, mountains, Hollywood Studios and various country clubs.

Sunday at sunset, in the famous Hollywood Bowl, there will be held an impressive memorial service. Special musicales will be evening features.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen: Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly, Arlington H. Carman, Patchogue, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoons daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

RED STAR
Detroit
OIL STOVE

THE RED STAR is a marvelous advancement for homes without gas. It gives to these homes the same smokeless and odorless heat as does the city gas range. It is wickless, ashless and dirtless, because it generates its own gas from cheap kerosene, gasoline, or distillate—concentrating a double ring of heat directly beneath the cooking utensil and saving at least one-fourth of fuel bill. Operates 19 hours on a gallon of fuel.

CITY MAY CHANGE CLASSIFICATION

Agitation Over Recent Law Suits
May Result in City Being Changed
to Fourth Class

IS UP TO THE COUNCIL

Change Would Add \$7,000 Year to
Salaries, But do Away With Pet-
ty Remonstrances

Agitation was in progress today among business men and others to urge upon members of the city council, to follow the law and advance from the fifth class to a city of the fourth class in order to give the city a better rating, and give the men elected for positions, more power to carry out the plans of the people.

The city automatically went from a fifth class to a fourth class city in 1920, when the assessed valuation of the property exceeded seven million dollars. A city advances either by population or by property valuation, and a council by ordinance may eliminate some of the provisions in order to cut down operating expenses.

The present city administration did this in order to keep the city from having a big amount of seemingly heavy taxes, which figured out was a saving of \$7,000 a year in salaries.

The agitation now comes, because of certain law suits filed against the administration, in which all of the suits allege that the city is operating in the wrong class, and if the change to fourth class is made and the boards appointed as specified by the law, then the various boards can function to a better advantage, although the increase in salaries will have to come.

Under the provisions of the fourth class city, it is necessary to have a board of public works, a metropolitan police department, fully organized fire department, a city judge, park commissioners, the common council, mayor, comptroller, and several other officers which for the city would add \$7,000 a year in salaries.

One member of the council stated today that, "These people who are kicking against these smaller issues, will have something real to kick at, because a \$7,000 a year addition will mean more than all of the bond issues that the city expects to float."

There is no recourse for taxpayers to take if the councilmen want to make the change. The law is plain on the subject, and leaves the matter entirely up to the council. The administration thought the best way out of the affair was to abolish the sections pertaining to the various boards, and save the money. It was pointed out today that some of the councilmen are ready to advance the city, because of the attitude of some, who were continually attempting to hinder proposed improvements which would not materially affect the average taxpayer.

The council meets tonight, and it is probable that the plans will be discussed, and if enough pressure is brought to bear, steps for the ad-

WEATHER BUREAU MAN AND AIR PILOT KILLED

Dr. C. L. Meisinger and Lieut. James
T. Neely Lose Lives When Light-
ning Strikes Balloon

BODIES FOUND IN A FIELD

Monticello, Ill., June 3—Thrown from a great height when the balloon in which they were charting air currents, was struck by lightning, Dr. C. L. Meisinger, U. S. weather bureau expert from Washington, and Lieut. James T. Neely, pilot, of Philadelphia, were killed shortly before midnight last night four miles south of here.

No one witnessed the accident, which is believed to have occurred during a heavy rain and electrical storm which passed over this section. Bodies of the two men were found by two farmers in the vicinity, who were passing in the field.

Meisinger was thrown clear of the basket nearly a mile from the spot where the balloon with Lieut. Neely's body entangled in the ropes, landed. Both bodies were badly mutilated.

ENGAGE IN BITTER DEBATE

Senate Partisans Want
Indiana State Library
Location Passed Before Adjournment

Washington, June 3—Senate partisans of a variety of special legislation, all eager for action before congress adjourns, engaged in a bitter debate for precedence of their measures in the remaining days of the session.

The proposals were made that congress should not be permitted to adjourn until it has cleared this legislation from the state. Senator Borah, Idaho, republican, demanded that the senate remain in session "eight or ten days" after the scheduled adjournment next Saturday, so that pending legislation now facing death because of lack of time might be disposed of.

CO-OPERATION IS THE LIFE OF TRADE

C. M. Yocum Speaks to Rotary Club,
Recalling That Old Idea About
Competition is False

OTHER GUESTS AT MEETING

C. M. Yocum, an associate secretary of the United Christian Missionary society, of St. Louis, Mo., and at one time pastor of the Main Street Christian Church, spoke to the Rotary club today noon, telling something of the observations he had made of the activities of the Rotary club of Mexico City, and elsewhere. "I am glad to know," he said, "that the Rotary club is advocating co-operation in business and other activities. We used to think that competition was the life of trade, but we know it is the death of trade, and co-operation is the life of trade."

Mr. Yocum expressed his gratification at being able to be back in Rushville for a few days and mingle with his old friends. He said that he still liked to regard Rushville as home because it was the finest place in the world to live. Mr. Yocum asserted that he hoped everyone appreciated the splendid advantages that Rushville and Rush county had.

Albert Cotton, who has resigned as physical education director in the schools, made a short farewell talk voicing his appreciation of membership in the club.

Ben Wilson, who recently purchased the Walker farm west of Rushville and has established a dog kennel, and Chester Mead of Orange township, who raised the largest hog ton litter ever produced in Indiana, were guests and each spoke for a few minutes.

KANSAS CITY WOMAN SEEKS LOCAL RELATION

Mrs. Sarah B. Kutsuris Writes Chief
of Police For Information About
Relatives

LEFT HERE WHEN A CHILD

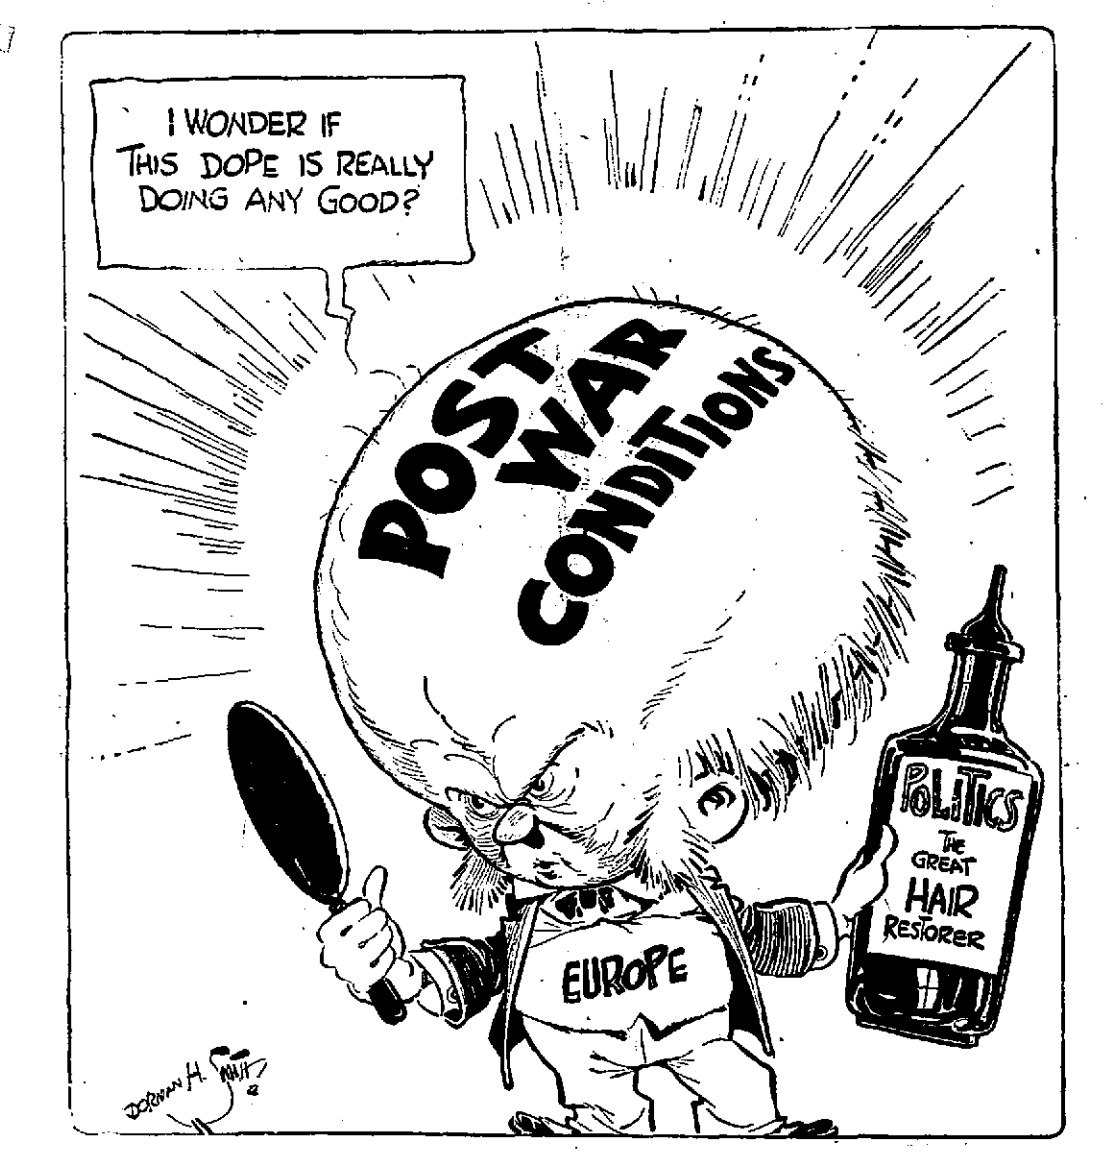

Orie Blackburn, chief of police, has received a communication from a woman living in Kansas City, who is in quest of relatives in Rushville, where she said she was born and who has lost all trace of her local relatives.

Anyone who might furnish a clue, is asked to consult with the police chief, or write Mrs. Sarah B. Kutsuris, 505 East 14th, Kansas City, Mo., who is making the inquiry.

In her letter she states that her name at birth was Sallie, or Sarah Bertha York. The letter in part, reads as follows: "My mother died three weeks after my birth. I was then taken to raise by Hayden Wagner and wife, or Mrs. Maggie Wagner. I then left your city soon after and as the years went by, I lost all trace of my folks and relatives. I also had an uncle by the name of Gregg or Gregg—do not know his first name, and also a grandmother by the name of Smith, but do not know her first name. My uncle had two or three daughters who conducted a hat store in Rushville."

The age of the writer was not contained, but the letter stated that possibly some of the older residents might assist her in obtaining a clue as to where her relatives are located here.

AH, THAT IS THE QUESTION

NEW ATTENDANCE OFFICER ELECTED

County Board is Unanimous in Se-
lecting Mrs. Laverne Farthing
For Office

CREATES ANOTHER VACANCY

County Superintendent will Appoint
Assistant—Miss Sparks Was
Not Applicant

Mrs. Laverne Farthing, wife of B. D. Farthing, county school superintendent, was named county attendance officer at the regular session of the county board of education Monday afternoon.

Miss Dorothy Sparks, the present officer, declined to seek the appointment, and Mrs. Farthing was the only name suggested for the position. Miss Sparks' term expires August 15, and Mrs. Farthing will begin her duties at that time. She qualified for the position by passing an examination in March.

Miss Sparks stated today that she was considering an offer in the east, and that she had a broader scope of work offered her at Pittsburg, and that she would probably accept the offer.

The county board, which consists of the twelve township trustees, also discussed the teacher problem, and each trustee announced that practically all rooms have teachers and an over supply is reported. The complete list of teachers and school heads will be announced in a month.

Mrs. Farthing, the new attendance officer, has been the assistant to the school superintendent, and the position of the assistant, or secretary will be filled by an appointment to be made by Mr. Farthing.

He has not decided on anyone, and will not make an announcement until the time draws near.

The board went on record as reducing the salary of the assistant from \$800 to \$700 a year.

So far the employing of a music supervisor for the county schools has not been decided upon by Mr. Farthing, and he is to consult with two teachers this week. It is expected that a contract with one will be made, and the plan of having supervised music training will be tried. The board extended Mr. Farthing a \$3,000 a year limit on the proposition.

PRIMARY VOTES COST 37 1-4 CENTS EACH

Claims Allowed by County Commis-
sioners Monday Show Expense to
Have Been \$2,445.02

TOTAL VOTE CAST WAS 6565

Every vote cast in the Rush county primary election May 6 cost the county thirty-seven and one-fourth cents each, according to election claims, amounting to \$2,445.02, which were allowed Monday afternoon by the county board of commissioners at their regular monthly session.

A total of 6,565 votes were cast for the republican and democratic candidates for governor in the county. The cost per precinct ranged between \$45 and \$67. All election officers received \$3 per day and inspectors were allowed three days pay and other officials two.

The commissioners adjourned Monday afternoon until Saturday when the A. L. Stewart road improvement petition, for the paving with concrete of a short strip of highway connecting East Eighth with Eleventh streets, will be revived and a date for receiving bids will be fixed. The petition was dropped while the petition for paving Harrison and Eighth streets under the three-mile road law was before the state board of tax commissioners. The bond issue for paving these two streets was disapproved by the state board.

The commissioners will fix a time for receiving bids for three car loads of coal Saturday. Yesterday they also ordered repair made on the clock in the court house tower and on the court house plumbing.

Brookhart and Sweet Engage in
Close Race in Iowa

Des Moines, Ia., June 3—Indications are that the republican senatorial contest between Senator Smith W. Brookhart and Burton E. Sweet, voted on at yesterday's primary election, will not be decided until practically every precinct in the state is heard from.

Of 1,178 precincts out of 2,412 in the state, Brookhart polled 106,825 votes to Sweet's 103,131.

Brookhart is expected to take a larger lead when rural districts where his strength is considered greatest make their final reports.

Democratic Leaders Gathering For
State Convention Grouping Around
For K. K. K. Plank

OVERSHADOWS ALL PROBLEMS

Anti-Klan Wing Demands Vigorous
Stand, Holding G. O. P. is Aligned
With the Klan

(By United Press)
Indianapolis, June 3—Democratic leaders gathering here today for the state convention Thursday were grouping about for a compromise plank on the issue of the Ku Klux Klan.

The Klan question overshadowed all other problems of party policy and lessened interest in the race of eight candidates for the nomination for governor to line up delegates.

From the anti-klan wing of the party came an insistent demand for the inclusion of a plank in the platform denouncing the klan in vigorous terms.

The Republicans of Indiana, they said, had allied themselves with the invisible empire and there was nothing left for the Democrats to do but go before the voters on an anti-klan platform.

In the Democratic state convention, however, will be a bloc of from 300 to 350 klan delegates and party leaders are unwilling to take any step that will arouse the hostility of the voting power they represent.

The easiest way out of the dilemma is believed to be a plank advocating religious liberty without specific reference to the klan, so that it can be variously interpreted to their own satisfaction by klanmen and anti-klan alike.

Dr. Carleton McCulloch, with his plurality of 40,00 in the primaries and the most complete organization of any candidate, is conceded to have the inside track in the running for governor.

Dr. McCulloch has declared against the klan, but his stand has not aroused the hostility of klan leaders.

It was said that the klan had tossed Olin Holt, of Kokomo, overboard as its candidate for the nomination for governor because there was a feeling that Holt's workers were making too strenuous an effort to capitalize the klan vote. Support of the klan placed Holt well up in the running in the primaries.

A so-called state of Klan candidates made its appearance with Joseph Cravens of Madison down for support for the gubernatorial nomination. Continued on Page Two

SERVICES FOR WAR VETERAN

Funeral of Tobias Smith is Held at
Gwynneville Today

Funeral services were held this morning at ten o'clock at the Christian church in Gwynneville, for Tobias Smith, age 79 years a Civil War veteran. He died Sunday morning following a stroke of apoplexy.

During the war he was a member of Company A, 156th infantry. He has lived in Gwynneville practically all of his life, having come here from Virginia, when a boy. Besides the widow, who survives, he also is survived by three children, Paul Smith of Knightstown, Mrs. C. S. Wilcox and Mrs. Jesse Poston, both of Gwynneville.

BLOW DEALT STATE PROHIBITION LAWS

Supreme Court Holds it is Illegal to
Stop and Search Automobiles
Without Search Warrants

DECISION IN APPEALED CASE

(By United Press)

Indianapolis, Ind., June 3—A severe blow was dealt enforcement of the state prohibition laws today, when the supreme court of Indiana handed down a decision declaring it unlawful to stop automobiles promiscuously and search them without search warrants.

The decision handed down in the appeal of Stella Batts from a conviction in the Putnam county court, was read by Justice Willoughby and concurred in by the other judges.

The decision held that the constitutional rights of Mrs. Batts had been invaded when the car in which she and her husband were riding in Putnam county, was shot up by deputies of the sheriff in March, 1923 and a search for liquor conducted. The sheriff had no search warrants, saw no evidence of law violation and did not suspect any, the opinion pointed out.

His only excuse for stopping the car was that Batts failed to stop the car when ordered to do so, according to the opinion.

Mrs. Lula Parish Says her Husband
Jasper Parish, Cursed and Struck
Her—Live in Carthage

COUNCIL IS RESTRAINED

Another divorce complaint was added to the list in circuit court today, when Lula Pearl Parish of Carthage brought suit against Jasper N. Parish, alleging that he struck, beat and cursed her, and ordered her to leave home.

The complaint alleges that they were married July 30, 1903 and separated May 30, 1924, when the alleged assault was made.

A temporary restraining order has been issued in court against the city administration from entering into a contract for the building of Memorial park boulevard, which was contained in an injunction suit filed in court Monday by H. E. Dambenspeck. The suit will be set for trial in a few days, at which time the city will attempt to have the restraining order dissolved.

No cases have been set for trial until after the Democratic state convention, and Judge Sparks has arranged the court calendar so that he can hear cases in other courts where he is to act as a special judge.

MATLOCK FAMILY TO MEET

The annual Matlock family reunion will be held Sunday, June 8 at the residence of S. H. Matlock, in Hemlock, Howard county. Several of the members of the family residing in Rush county are expecting to attend. The reunion is usually held at Kokomo, but this time it will be held at the residence of Mr. Matlock who will be 90 years old.

WORK IN CHIEF'S DEGREE

The regular meeting of Tanpahr of Red Men will be held tonight and the chief's degree will be conferred. Every member is urged to attend and visitors will be welcome.

HAS RESOLUTION FOR DEMOCRATS

Douglas Morris is Co-Author in
Drafting Bill on Religious Free-
dom at State Convention

DATES TO EARLY HISTORY

Recalls Fact That Party Was
Founded by Thomas Jefferson on
Religious Freedom Ideas

Douglas Morris of this city, a former member of the supreme court of Indiana, is co-author of a resolution dealing with religious freedom, which will be presented to the resolutions committee of the democratic state convention, when it meets in Indianapolis today.

John W. Spencer, Sr., of Evansville, also a former member of the state supreme bench, joined with Judge Morris in framing the resolution, which they hope to see incorporated in the party platform.

The resolution gives credit to Thomas Jefferson for the enactment of the first amendment to the Federal constitution providing for religious freedom, and also asserts that the Democratic party wrote the present constitution of Indiana and devoted six of the first seven sections of the bill of rights to guarantees of religious freedom and equality.

The resolution reads as follows: Thomas Jefferson, the founder of the Democratic party, just after he drafted the Declaration of American Independence, wrote what he regarded the second greatest act of his life, the statute of Virginia, for religious freedom; later he procured the adoption of the first amendment of the federal Constitution, guaranteeing religious liberty.

The present Constitution of Indiana—greatest declaration of organic law ever adopted by an American commonwealth—was written by Democrats, when the Know Nothings and faction of the dying Whig organization were conspiring to undermine the American doctrine of religious freedom.

The makers of our Constitution, true to the great teachings of the immortal Jefferson, in framing the first seven sections of our bill of inalienable rights, devoted six of them to guarantees of religious freedom and equality, including this:

No religious test shall be required as a qualification for any office of trust or profit.

Later, the Democratic party, in national convention, assembled, sounded the death knell of the malign intolerance of Know-Nothingism and sent it to an unmonstrous and unhonored death by its declaration of uncompromising hostility to aught except the spirit of enlightened freedom for all religions and races.

FURTHER TAX REFORM AN ISSUE OF CAMPAIGN

President Coolidge Makes it One by
Approving Tax Bill Only as "Tem-
porary Relief"

THREE STEPS OUTLINED

(U. P. Staff Correspondent)
Washington, June 3—President Coolidge has made further tax reform one of the big issues of the coming campaign.

Dissatisfied with the present measure, which he approved only because of its "advantages as a temporary relief and a temporary adjustment of business conditions", the president will renew the fight for enactment of a "sound permanent tax policy."

The steps in this campaign will be: 1—Insertion of a Mellon tax plan plank in the Republican platform.

2—A vigorous campaign for popular endorsement of this stand.

3—A "big stick" attitude toward the December session of congress, if he is elected on this platform in November.

The administration attitude toward the new law during the campaign will be that it was best obtainable under the conditions. There will be no disposition to claim it as a Republican accomplishment.

G. A. R. VETS GATHER FOR 45TH ENCAMPMENT

Noticeable Decrease in Indiana's Surviving Members will Make Delegates Number About 500

TO BE HELD IN FRANKFORT

Frankfort, Ind., June 3—Indiana's surviving members of the Grand Army of the Republic were gathering here today for the Forty-fifth Department Encampment which will open tonight.

There was a noticeable decrease in the attendance. About 500 delegates were expected and the total will probably not be more than 1,000. The membership of the G. A. R. in Indiana is now 4,021.

Organization of committees for the encampment was the first business taken up by the delegates.

Every section of the state was represented in the attendance. Clinton county homes were thrown open to the visitors, and everything making for their convenience was arranged.

A special train was to come late in the day from Headquarters post at Indianapolis, bearing distinguished visitors to the encampment.

Besides all state officers, Gaylord M. Salzberger of Van Wert, Ohio, national commander in chief of the grand army will be in attendance.

A parade tomorrow afternoon followed by the annual campfire in the evening will be features of the convention.

Princeton Wants Encampment
Princeton, Ind., June 3—The Princeton post of the G. A. R. will make a strong bid to get the 1925 encampment for this city during the encampment at Frankfort this week.

Although the population of the county was small at the time of the Civil War, more than 2,000 Gibson County men answered the call for volunteers.

The convention city for 1925 is expected to be selected Wednesday.

Cravens has expressed opposition to the plan but his stand has not been as determined as that of Dr. McCulloch or Mayor Durgan of Lafayette, who was second in the primary vote.

D. S. Stephenson, former grand dragon of the Indiana klan, who played an important part in the convention conferences of the Republican party, is taking no hand in the Democratic situation.

New Treatment for Swollen Glands

People who have enlarged glands ought to know that by freely applying Emerald Oil daily the gland can be brought to a head and all the germs and poisonous secretions discharged and destroyed.

Furthermore the opening will heal surely and speedily and without leaving an unsightly scar. People who desire this treatment should secure a two ounce original bottle of Emerald Oil (full strength) and use as directed. It is a very concentrated preparation and a small quantity lasts a long time. It is also used to reduce swollen veins and dissolves goitre.

to our federal Constitution the amendments forbidding discrimination against citizens of the republic because of race or color.

We solemnly declare our adherence to each tenet of the state and federal Constitutions, including those guaranteeing equality of rights and privileges to all, regardless of color, race or creed, and promise the people of Indiana that when the nominees of this convention, if elected, take their oaths of office to uphold the Constitutions of our country, that their vows shall not be sullied with reservations to subvert or destroy a single provision of our organic law.

We deplore the present situation in Indiana where the Republican party, after eight years of plunder, graft and inexampled betrayal of official trust, and thereby humiliating and disgracing this great commonwealth, now seeks four years more of baneful sway by a coalition with those who seek a revival of the long ago discredited, unholy warfare, in defiance of the written Constitution.

We promise to keep the faith of

our Democratic fathers, who glorified the American republic with their exalted spirit of religious freedom and we declare unrelenting war against any party or organization that seeks to undermine a single foundation of the constitutional structure of religious and racial liberty that has born aloft the light of liberty, enlightening the world.

OPERATION ADVISED FRIEND SAID "DON'T DO IT!"

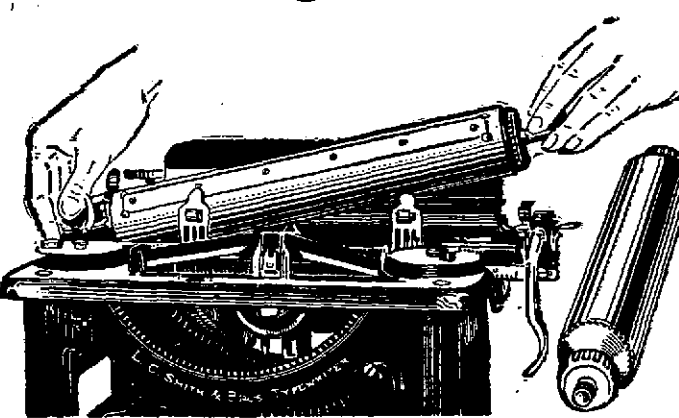

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois. — "Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would not and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. Believe me, I recommend the Vegetable Compound to any woman I know has any kind of female trouble. It has helped me and a lot of my friends." — Mrs. A. MCANDLESS, 1709 S. Morgan St., Chicago, Ill. Interchangeable Platen

One of the exclusive features of the L. C. Smith & Bros. typewriter is the interchangeable platen.

With the use of no tools except the fingers, platens of different degrees of hardness can be inserted. There is the regular platen, the medium, the hard, and the brass platen, depending upon the number of copies desired.

Then there is the card-writing platen and the label-writing platen.

It is economical to have platens of different degrees of hardness, because of soft platen, which is used for ordinary correspondence, with one or two carbon copies, is much easier on ribbons, carbon paper, on the mechanism of the typewriter and on the nerves of the operator, as well as being much more quiet.

It is a great advantage, therefore, to be able to take out a hard platen, after it has been used for a special purpose, and insert the softer platen for regular work.

Now Is the Time to Prevent Cholera

It is predicted that this year will be one of the worst years for HOG CHOLERA we have had for some time.

I have taken over the exclusive agency for the American Veterinary Supply Co. for this county. I will be glad to call on you and explain our policy. We have saved the farmers of Indiana thousands of dollars. Have you had your share of this saving?

The best time to treat hogs is at the age of seven to nine weeks, while they are still on the sow; they will come through the reaction in better shape and will cost you less.

Better than rubies—Search the Scriptures; for in them ye think ye have eternal life; and they are they which testify of me. John 5:39.

Prayer:—O Thou, Who art Wisdom Divine, open our eyes that we may behold wondrous things out of Thy law.

The Makeshift Tax Law

The makeshift tax bill was signed by President Coolidge, not because he approved of it, but because it was an improvement on the old law in some respects.

The president said a new law was necessary to reduce taxation and bring about some reforms. The measure he signed will result in some direct reduction in taxes, but it is not only lacking in reform, but adds some undesirable features.

While the law scales down federal taxes to the lowest level since the war, the reductions are made mostly where the taxpayers will note the cut personally, rather than feel it in their living expenses.

Hence it is a political measure—a vote-getting law. It is held out as a sop to the voters because there is going to be an election next fall.

Congress refused to follow the recommendations of a tax expert, the secretary of the treasury, and enact a scientific statute designed to meet the nation's revenue requirements; yet at the same time distribute the tax burden equitably.

But a congress which has been controlled by a small radical minority could not be expected to follow the recommendations of any sane thinker.

Instead, the congress passed a bonus law that will require the raising of \$2,250,000,000 in additional taxes, not counting the expense of administering the law, and then enacted a tax law that reduced the federal revenue close to \$400,000,000 a year.

But congress is not worrying about how much revenue is cut off and how much expense is added. Congress saw to it that the reduction in income tax payments was made effective this year so that the voter will have a visible manifestation of the reduction.

There's an election next November and voters must be made to understand that their congressmen have been working to their interests—reducing their taxes.

The congressmen who will be up for re-election in November are not worrying about how the holes in the federal government's pocketbook will be plugged up after the election.

The main thing is to get in office—then, perhaps, another makeshift can be put over to meet the next emergency.

Sizing Up Things

In sizing up things, especially those having a bearing on local conditions, it is well to remember that there is more than one angle from which a question may be viewed.

Far too many people err in judgment purely from haste and overzealousness.

Impressions are often formed at first glance, and unless a person is willing to examine beneath the surface and consider all available facts, those first impressions will remain and become fixed convictions, irrespective of whether they are right or wrong.

Injustice to a good cause is often done by this method of sizing up things and immeasurable harm to an individual, a group of individuals or a whole community may result.

Then there is a class of citizens who, having formed a hasty conclusion, refuse to recede from their position, even when confronted with indisputable proof of their error of judgment. That is pure and unadulterated stubbornness.

But here, as elsewhere, they are many people who are quick to form impressions, but are willing to, and do, analyze the arguments of the opposition, and are completely changed as the result of the additional information thus acquired.

Sizing up local conditions is an admirable trait, but undue haste in forming hasty conclusions is much to be regretted.

Best results are obtained by taking a calm survey of the situation from every conceivable viewpoint before taking a definite stand.

Communities prosper and grow when their citizens adopt this plan.

One They Can't Override

It might be well for Congress to remember that the people still have a veto.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, D. C.—The window dresser had done a good job, and the one perfect peach of a hat in the center stood out like a diamond in a platinum setting.

It was but natural, then, that the dark-haired, brown-eyed woman who was passing hesitated, wavered a moment and then went inside. She hadn't intended buying a hat that morning, it was evident, but when a woman sees a hat she likes there's only one answer.

The clerk obligingly brought the hat from the window. It was tried on. Then half a dozen others were examined, but always the customer returned to the first.

"I'll take this one," she said finally, holding out the perfect peach that had first caught her eye. "Do you accept charge accounts?"

"Not unless we know the purchaser," said the saleswoman. The customer hesitated a second, a bit non-plussed.

"Then perhaps you'll send it C. O. D.," she suggested. "Certainly. What is the name and address?"

"Mrs. Calvin Coolidge, the White House," was the answer. Which proves that, when it comes to hats, the First Lady is just as susceptible to the lure of millinery as the lowliest of her sisters, whether she has the cash or not.

WASHINGTON has received a journalistic jolt. It's still a bit dizzy from the blow, but is sitting up in a daze waiting for the fireworks to start.

All of which is the result of the announcement that George Harvey of Peacham, Vt., picker of presidents and ex-ambassador to the Court of St. James's, will take charge on June 1, as "Editorial Director" of the Washington Post.

The Post is owned by E. B. McLean, whose private wires and telegrams were the subjects of considerable interest during one stage of the Fall-Sinclair oil lease investigation. It was McLean who was first named by Fall as the source of the \$100,000 which Doherty afterward testified he had supplied the former secretary.

THE question that is puzzling official Washington, and which politicians would give a lot to know, is:

"What will Harvey do with McLean's newspaper?"

The attitude of both McLean and Harvey toward the Coolidge candidacy is a topic for endless speculation. McLean was one of the closest friends of President Harding, but it has been intimated there is little love lost on either side between Coolidge and McLean.

Harding made Harvey ambassador to Great Britain, but Harvey resigned the post shortly after Coolidge entered the White House.

ALL of which may or may not be significant. Harvey, as a Democrat, played an active part in putting over Cleveland and Woodrow Wilson for president. Switching to the Republican side, he helped roll up a 7,000,000 majority for Harding in 1920.

The McLean papers originally were Democratic. Later they were "independent." During the Harding campaign they took their place as active supporters of the Republican program.

"What'll they do in 1924?" is the present question. The answer, however, is awaited with curiosity, rather than trepidation, by both sides.

THE probable answer is that George Harvey of Peacham, Vt., will support Calvin Coolidge of Plymouth, Vt. Green Mountain boys must stick together. But from his past record, first with the Springfield Republican and Chicago Daily News, later with the New York World and still later as editor of Harpers Weekly, the North American Review and Harvey's Weekly, the only thing certain is that his position is uncertain.

If there was a federal tax on acting foolish we could pay our entire national debt in a couple of days.

Do Gasoline
Prices
Fluctuate?

THE average man, paying for staple commodities by the month, fails to consider the wide fluctuation in prices, while noting quickly the smallest change in the price of gasoline, which he buys at frequent intervals and for which he pays cash.

Bureau of Labor, and Department of Commerce, statistics indicate that gasoline prices fluctuate less than the price of most staple commodities.

In 1922, the price of eggs fluctuated 125 points; potatoes 210 points; sugar 51 points, as against only 25 points in the price of gasoline.

In 1923, the price of eggs fluctuated 110 points; potatoes 114 points; sugar 59 points, milk 49 points, as against 47 points for gasoline.

The reason for the wide fluctuation in the price of gasoline during 1923 was the opening of new fields, which flooded the market with crude oil rich in gasoline.

The Standard Oil Company (Indiana) bases its price for gasoline fundamentally on the varying price of crude, which in turn is regulated by supply and demand.

To equalize supply with demand, the Standard Oil Company (Indiana) has erected and maintains storage depots of tremendous capacity. It has located these depots at strategic points throughout its territory. These huge tanks are filled to capacity, in the off-season, to supply the insistent demand during the season of heavy motoring and agricultural activities.

This Company has systematically passed on to consumers, in the way of price reductions, the benefits derived from improved methods of refining petroleum. It has blazed the trail in originating improved technique, improved equipment and more efficient processes of refining and distribution, thereby aiding the industry to keep abreast of continually expanding needs for petroleum products.

The service of the Standard Oil Company (Indiana) tends to hold gasoline prices down—and to modify fluctuation by increasing the supply in proportion to demand—and by equalizing distribution, so as to bring gasoline prices into seasonal and sectional harmony.

Sends 2 Real Fighters to U. S.

By HENRY L. FARRELL
(United Press Sports Editor)
New York, June 3—England's hope for a real world's champion fighter, abandoned almost entirely since the descent to the Joe Beckett, Frank Goddard and Romby Wells class, has been revived and built up around two very promising middleweights.

American ring fans, who reach for the gas-mask whenever the middleweight class is mentioned, are about ready to agree that Ted Moore and Frank Moody have a great chance to succeed Harry Greb as the title-holder and that each has the makings of a good champion.

Moody and Moore have jumped to the top of the class in this country by fighting any opponent that was offered them, something that American fighters will not do.

Every time a writer mentions a foreign fighter, British, French, Italian or South American, a certain group of American managers want to try him for treason. But as has been pointed out frequently before, these foreign fighters in vogue now command mention because they go out and force themselves into print by fighting.

The mention of the name of Larry Estridge, a fine colored middleweight pops out perspiration on the brows of the managers of every white middleweight contender in the country. Yet Moore took on Estridge and gave him a fine beating. Then he turned around and hammered Jamaica Kid, a colored heavyweight, all over the ring.

Managers of middleweight contenders in the American class walked out of the room when Lou Bogash was brought into the conversation. They all knew that Bogash had been through 174 fights and that he had never been off his feet.

Moody, the Britisher, didn't run

away from Bogash. He took him and knocked him out. By this one victory, Moody became the outstanding challenger in the class.

Moore and Moody came to this country chasing Roland Todd, the British champion, who had refused to give them a crack at his title. They knew that they couldn't get Todd to defend his title in this country, but they had the smart lunch that they could make Todd look bad by doing better against the leading middleweights than their champion could.

Todd was not a match dodger. He started in Madison Square Garden against Tommy Loughran, one of the outstanding light heavyweights in the class, and he was robbed of a decision. If a fighter ever was. He had one or more boats after that and then signed to fight Jack Malone, the toughest middleweight in the country. Malone knocked him out in the fight and Todd went back to England.

He told his home folks that he had been treated well in this country, but that he couldn't get acclimated and was forced to leave the United States.

"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it."

KLAN WOMEN BRING SUIT

Daisy Douglas Barr Made Defendant
In Action Involving \$100,000

Marion, Ind., June 3—A complaint with a judgment approximating \$100,000, was filed in the Grant county superior court Monday by women of the Ku Klux Klan against Daisy Douglas Barr, Fairmount, prominent Klan organizer.

The complaint says Mrs. Barr failed to pay the plaintiffs, a corporation organized under the laws of the state of Arkansas the sum of \$1 for each person "naturalized" into the Klan.

It is claimed that the sum of \$5,085 is due the organization for persons initiated.

Judgment of \$40,000 for members initiated but never reported to the organization is asked.

An accounting by Mrs. Barr on profits of from \$54,000 to \$67,000 on robes for the organization purchased in the contract, is also asked.

And Typically Pat Harrison
(Philadelphia Record).

Senator Harrison's keynote speech will unquestionably be Pat.

Priscilla Dean at Princess

Many coloured Chinese lanterns—the blue haze of bamboo-pipe smoke—the rush of the night wind out of the Yellow sea—swinging cafe doors—ribald jests of drunken sailors—bright-eyed little Chinese girls—the flash of a ship officer's gold braid—the blare of jazz music—tinkle of wine glasses and sparkle of women's laughter—that is Shanghai, the romantic, mysterious, romance-laden port of the strange East as it is glimpsed in Priscilla Dean's latest Universal-Jewel feature, "Drifting," which opened last night at the Princess theatre.

"Drifting" was adapted from John Colton's play, which William A. Brady produced on the New York stage, by A. P. Younger and Ted Browning. Browning, director of "Under Two Flags," "Outside the Law" and other screen triumphs of Miss Dean, guided the filming of this.

"Hoodman Blind", Mystic

Lurid nights in an American fishing village are pictured with realistic effect in the William Fox version of the stage play "Hoodman Blind."

which comes to the Mystic theatre for two days, opening Monday. Director John Ford, with members of his cast, cameramen and assistants, spent days in seaside towns, filming the squalid surrounding in which Nance Yenette, played by Gladys Hulette, was forced to live.

Miss Hulette, who played opposite Richard Barthelmess in "Tollable David," has an extremely difficult role, which she is said to present with unusual merit. David Butler plays the male lead.

"Mine to Keep"—Castle

A scene showing an auto racing a train at night; a storm of rain and wind at night; aeroplane stunts in midair; beautiful shots at a great beach resort, scene in a palatial banquet hall with dancing and diving girls, amarrage on a broad expanse of lawn—these are some of the scenes which were successfully photographed for "Mine to Keep," the Ben Wilson production, now at the Castle theatre. Both Eddie Lindon and Jack Stevens, the cameramen, are experts as the picture itself proves and their record on celluloid is one of the finest ever made.

The difficulty of night photography is to preserve the illusion and at the same time have enough light to distinguish the people and the action.

Society Events

The Pythian Sisters will hold their regular meeting tonight at the K. of P. hall.

Mr. and Mrs. Ed Carter will be host and hostess tonight for the members of the Century Club at their home in West Fourth street.

The meeting of the Delphian Society which was to have been at the Elks club rooms Wednesday, has been postponed until Wednesday evening of next week at which time it will be held in the Social Club rooms.

The Westminster class and the Philathea class of the First Presbyterian church will meet Wednesday night at the home of Mrs. Ed Beer and Miss Flora Gutapfel in North Morgan street.

Mr. and Mrs. Charles Thompson of Muncie had for their dinner guests Sunday, Mr. and Mrs. Charles Longfellow of Chicago, Ill., Mr. and Mrs. Virgil Longfellow and Mr. and Mrs. O. C. Thompson, of the Sexton vicinity.

The Elks will give a dance July 4th in their dance hall. They will also throw their club rooms open to the public until six o'clock in the evening. All are invited to bring their family and be the guests of the lodge during the day.

The Get-To-Gether club was graciously entertained Monday afternoon at the home of Mrs. John Gray in North Perkins street. The guests enjoyed the afternoon informally with music and dainty refreshments were served at the conclusion of the meeting.

Mrs. Charles Stewart assisted by Mrs. Walter Niles, will entertain the members of the Friendship Class of St. Paul's M. E. church Wednesday evening at her home, 405 North Jackson street. Mrs. Andy Moore and Mrs. Will Stevens will have charge of the program.

The Woman's Foreign Mission Society of the Methodist Church will meet in the parlors of the basement Thursday afternoon with Mrs. Frank Sample as hostess. Mrs. E. B. Poundstone will have charge of the program. All the ladies are requested to bring their mite boxes.

The Band of Workers of the First Presbyterian church will meet Wednesday afternoon in the parlors of the church. The hostesses will be Mrs. Frank Reynolds, Mrs. Jeanette Carr, and Mrs. Hugh Abercrombie.

It is very important that all the members be present for this meeting.

Mr. and Mrs. John Creek delightfully entertained a number of their friends Sunday with a pitch-in dinner at their home northeast of Orange. Their guests included, Mr. and Mrs. George Dawson and sons, Mr. and Mrs. Wilbur McKee and daughters, Mrs. E. M. Starr and son of Pittsburgh, Pa.

Mr. and Mrs. A. B. Norris had for their Sunday dinner guests Sunday at their home in North Main street, Miss Emma Brayton of Indianapolis, Mr. and Mrs. J. E. Norris and daughter Elizabeth, Mr. and Mrs. A. W. Winifred and family, Mr. and Mrs. Paul D. Norris and family of Carthage, Mr. and Mrs. Carl Norris and family of Anderson, Mr. and Mrs. Will Norris and daughter Jean of this city.

The Misses Dorothy Sparks and Katherine Wyatt entertained with a kitchen shower Monday afternoon at the home of the latter in East Third street, honoring Miss Dorothy Mulno, a bride-elect. The guests spent the afternoon around the card tables playing bridge and at the conclusion of the games a delectable luncheon was served. The honored guest received several useful presents.

Mr. and Mrs. Carlton Chaney and sons Harold and Dempsey entertained with a high noon dinner party at their home east of the city Sunday in honor of the second wedding anniversary of Mr. and Mrs. Frank Cerray of Dayton, Ohio. The dining table was decorated with cut flowers and covers were laid for Mr. and Mrs. Cerray, Mr. and Mrs. Frank Davis and son Ralph of Dayton, Ohio, Mr. and Mrs. Howard Pike, daughter Effie Lavonne and son Ivan of Glenwood and Charles Chaney of Connersville.

Mr. and Mrs. J. D. Case entertained with a six o'clock dinner party Monday evening, honoring Mr. and Mrs. J. W. Wright, Mr. and Mrs. Stephen J. Corey and the Rev. and Mrs. C. M. Yocum, all of St. Louis, Mo. George C. Wyatt and Miss Wanda Wyatt were also guests.

This morning Dr. and Mrs. D. H. Dean entertained the out-of-town guests with a prettily appointed breakfast party. The Rev. and Mrs. Yocum were formerly of this city, the Rev. Mr. Yocum having been pastor of the Main Street Christian church.

The Young Ladies Mission Circle of the Main Street Christian church enjoyed a pitch-in supper Monday evening at the home of Mrs. Norman Crum in West Seventh street. During the business session officers for the following year were elected as follows: Mrs. Curt Hester, president; Mrs. Claude Smith, vice-president; Miss Marian Lucas, secretary; and Miss Grace Billings, treasurer.

After the business meeting a splendid program was given. The leader in charge, Miss Nellie Trobaugh, prepared a paper on the subject "Our Task." Reading of the Twenty-third Psalm was given by Mary Estelle Conpton, Mary Hosier and Jean Smith. Miss Conpton also favored the guests with several pleasing readings. The next meeting of the Circle will be held at the home of Mrs. George Urbach in July.

An unusual event was celebrated Sunday at the home of John Gartin east of the city, when Mr. Gartin and his twin sister, Mrs. Samantha Armstrong of Marion, Ind., celebrated their seventy-eighth birthday anniversary with a pitch-in dinner. It is seldom that twins reach that age and have the opportunity of celebrating their birthdays together. They are the son and daughter of the late Jesse and Polly Gartin and are pioneer residents of this county. Mr. Gartin having lived here practically all of his life, and Mrs. Armstrong having lived here until several years ago when she moved to Marion, Ind., Mr. Gartin has been in poor health for several weeks and his condition is regarded as serious but his twin sister is enjoying splendid health. She returned to her home Monday after spending several weeks here with her brother on account of his illness.

The guests included the immediate families of the honored guests, the out-of-town guests being, Mr. and Mrs. Lee Filibrown and children and Roy Armstrong of Tipton, Mr. and Mrs. Ross Templeton and children of Hartford City, Ind., Mr. and Mrs. Or Armstrong and children, Don Londenback, Mr. and Mrs. Marion Londenback and Mildred Londenback, of Anderson, Ind., Mr. and Mrs. Jesse Londenback and children of Arcadia, Ind., Will Huff of Wabash, Ind., and Mrs. Riley Watson of Charlottesville. Fifty guests in all were present.

Mr. and Mrs. Lafe Johnson entertained with an announcement party Sunday evening, at which time the marriage of their granddaughter, Miss Emma Lois Miller to Hubert Blair of Muncie, Ind., which took place April 26, 1924, was announced. The wedding was performed by the Rev. Mr. Smith of Connersville and the ring ceremony was used. The decorations for the home Sunday evening were carried out in pink and white, the centerpiece for the bridal table being a wedding cake lighted by pink and white tapers. Gale Templeton of Muncie, Ind., and Miss Edith Kiser led the way for the bride and bridegroom, who were introduced by the bride's father, Claude Miller of Connersville. Miss Lois Stewart carried the marriage certificate. Miss Marie Kiser furnished music throughout the evening. Dainty refreshments were served and many useful presents were given to the bridal couple. Eighty guests were present.

Lawline Council, No. 296, D. of P. will meet Thursday evening at eight o'clock at the Red Men hall in West First street. There will be election of officers and a large attendance is desired.

MANY ASSEMBLE AT LOS ANGELES

Formal Opening of Seventeenth Biennial Convention of Women's Club Held Today

60,000 CLUBS REPRESENTED

Mrs. Thomas G. Winters, President of the General Federation, To Deliver "Keynote" Speech

By HAROLD E. SWISHER (U. P. Staff Correspondent)

Los Angeles, June 3—Thousands of women, assembled from every section of these United States, were gathering here today, and all in one mood—to serve womankind and humanity.

Philharmonic Auditorium, the city's largest, will be the Mecca toward which these pilgrims will converge tonight, where will occur the formal opening of the Seventeenth Biennial Convention of the General Federation of Women's Clubs ending June 13. Six thousand clubs, with a membership of more than 2,000,000 are represented.

Variegated colors, attractive gowns in a wide range of modes, pinnons and banners hanging from the balconies or waved heartily by enthusiastic delegates, and the white and yellow badges with their dark blue letters lending a touch of formality and duty to the assemblage—this will be the picture at the opening session of the great event.

Mrs. Joseph Francis Sartori, chairman of the California Local Biennial Board, expressing the spirit of California hospitality, will extend the west's welcome to the visitors. Mrs. Sartori's greeting will be seconded by Mrs. John C. Urquhart, president of the California Federation of Women's Clubs.

Outlining the theme of the convention, Mrs. Thomas G. Winters, president of the General Federation of Women's Clubs, will deliver the "keynote" address at tonight's session.

She will outline the great purposes of clubdom and the aim of this convention—"to extend the influence of women's clubs toward the elevation of our national life and the achievement of an international will to peace."

Following Mrs. Winters' address, the delegates will adjourn to the Biltmore Hotel, where California clubwomen will give a reception in honor of the visitors. There will be eight receiving lines, at which delegates and guests will meet the national officers. The reception will be the first of 200 various functions which have been arranged for the entertainment of the convention body, or different groups of delegates, during the 12 days.

Interspersed with the various business sessions, the convention will be addressed by persons of international prominence. Mrs. Carrie Chapman Catt, Paul Harvey, editor of the International Interpreter; Secretary of Commerce Hoover, and Whitman Williams, well known economic worker, are on the list of speakers.

Aside from the convention duties, a wealth of diversions has been arranged Saturday will be "play day," with trips arranged to the seashore, mountains, Hollywood Studios and various country clubs.

Sunday at sunset, in the famous Hollywood Bowl, there will be held an impressive memorial service. Special musicales will be evening features.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen: Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly, Arlington H. Carman, Patchogue, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

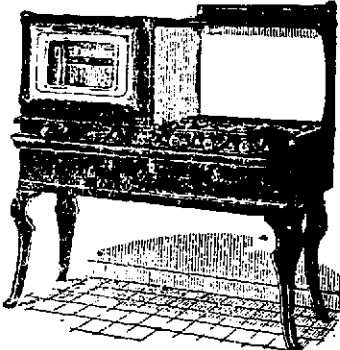

intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoons daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

RED STAR
Detroit Vapor
OIL STOVE

THE RED STAR is a marvelous advancement for homes without gas. It gives to these homes the same smokeless and odorless heat as does the city gas range. It is wickless, ashless and dirtless, because it generates its own gas from cheap kerosene, gasoline, or distillate—concentrating a double ring of heat directly beneath the cooking utensil and saving at least one-fourth of fuel bill. Operates 19 hours on a gallon of fuel.
